Office of Financial Aid
2026-2027
Verification of Identity

Your 2026-27 Free Application for Federal Student Aid (FAFSA) was selected for review in a process called verification. The law says that before disbursing Federal Student Aid, you must confirm the information you reported on your FAFSA. To verify that you provided correct information, the financial aid administrator at your school will compare your FAFSA with the information on this worksheet and with any other required documents. If there are differences, your FAFSA information may need to be corrected. You must complete and sign this worksheet, attach any required documents, and submit the form and other required documents to the financial aid administrator at your school. Your school may ask for additional information. If you have questions about verification, contact your financial aid administrator as soon as possible so that your financial aid will not be delayed.

Instructions:

The student is able complete verification of their identity through one of three methods: in-person at a financial aid office location, via video appointment, or by appointment with a notary public. In all circumstances, a student must present a copy of an unexpired valid government-issued photo identification (ID) such as, but not limited to, a driver's license, other state-issued ID, or passport. **WARNING: Anyone who purposely gives false or misleading information on this worksheet may be fined, sentenced to prison, or both.**

A copy of this ID must be included with this form to be considered complete.
